UI UX Design

My Portfolio

Achmad Qomarudin / 2023

Hi! It's me Achmad

I'm UI/UX Designer with 2+ years of industry experience in building a design system for any product (Mobile App, Landing Page, Website & Dashboard).

In my role, I have strong knowledge of user experience methods, visual design, innovation, creativity, storytelling, prototyping, concept visualization, user testing, and presentation. I also support the developers through the launch process.
